WORK EXPERIENCE

Providence India

Hyderabad, Telangana

Software Engineer II

Sep 2023 - Present

- Spearheaded the development of Account Management System using React, Java, and SQL, optimizing onboarding, decommissioning, and transfers, to boost productivity and security.
- Developed plug-in components, base templates with Microservices, Java 8, and React, and telemetry dashboards, setting engineering benchmarks and best practices.
- Automated the privilege account onboarding process via REST APIs and Python, eliminating manual intervention and saving the team 3 hours daily.
- Created the Smart Code Reviewer VS Code extension with GPT-4 to automate code reviews, reducing reviewer workload and improving code quality by 30%.
- Maintained documentation of system architecture, design decisions, and API specifications and contributed to the improvement of internal processes.

Software Engineer

Jul 2021 - Aug 2023

- Built an automated workflow solution on ServiceNow for provisioning and modifying privilege accounts, reducing manual activities by 100% and ETA by 80%.
- Utilized coding skills to develop a self-service portal for real-time account lockout data, reducing resolution time and improving operational efficiency by 70%.
- Developed a microservice test case framework using xUnit for a microservice template, accelerating development-to-deployment time and enhancing developer efficiency.
- Ensured robust quality standards by maintaining code coverage greater than 80% and this contributed to process improvement in the team.
- Ensured Code quality and participated in the code review meetings, developed and executed formal performance test plans to ensure the delivery of quality software applications.

Nidhi Infocomm

Surat, Gujarat

Software Developer Intern

May 2020 - Jun 2020

- Worked on creating mockups and creating websites for Gulab Fashions using Html/css/js.

EDUCATION

Vellore Institute of Technology

Vellore

Bachelor of Technology in Computer Science specialization in Bioinformatics

Graduation Date: Apr 2021

CGPA: 8.63/10

SKILLS & INTERESTS

Technical Skills	Java 8, ReactJS, Spring boot, Microservices, SQL Server, MySQL, MS Azure, AWS Concepts,
	RESTAPI, HTML5, CSS3, JavaScript, Python, Kubernetes, Git, OAuth, CI/CD, XUnit, Data Structures
	And Algorithms, System Design, Agile, Scrum practices, Code Reviews, SDLC, ServiceNow, CyberArk..

CERTIFICATIONS

[AZ - 900 - Microsoft Azure Fundamentals](#), [CyberArk Defender](#)
